

**PETITION TO THE GENERAL ASSEMBLY OF THE PC(USA)  
TO STOP PAYING FOR INDUCED ABORTIONS**

The PC(USA) Medical Benefits Plan of the Board of Pensions covers ALL legal induced abortion claims for ANY reason throughout pregnancy for ALL plan members. The Plan includes as members: Staff of presbyteries, synods, and General Assembly and is mandatory for called pastors. To many members of our denomination, paying for induced abortions is offensive and violates their conscience. Therefore, we the undersigned petition the General Assembly to remove induced abortion coverage from the Medical Benefits Plan of the PC(USA).
