RESOURCES FOR THE UNEMPLOYED

If you are recently unemployed and need assistance,
or just encouragement, let us walk with you.

There are several individuals in our congregation who have experience in the job market and though they cannot arrange new employment for you, they can steer you in the right direction. From their own experience, these individuals can offer you help as you prepare and search out that next job. They can inform you where to apply for unemployment benefits, tips on preparing your resume, locations and contacts of various job clubs and more. (See page 2 for more about Job Clubs).

- Contact our church office: 913-782-0140 or office@fpcolathe.org, and provide your name and contact information with the church secretary. You will be contacted by someone ready and willing to talk with you.

Resource Packets

Stapled resource packets are now available in the Fellowship Hall “Missional” board. This information was prepared by one of our church members who has experience in professional recruitment in the job market. You may find this information very helpful as it deals with many aspects of the “out of work” experience. Feel free to help yourselves to this material.

RESOURCES FOR THE UNEMPLOYED

Job Clubs

Job Clubs are not vocational training or job placement groups. They are groups of currently or previously unemployed people who meet regularly to share their situation with others who in turn may match up with one or more individuals of similar job experience and interests. It is from this setting that “networking” is formed in order for you to obtain information, and possibly advice that leads to assisting you in acquiring your next employment. Also, some job sites provide for the exchange of information between unemployed individuals and businesses seeking contacts for current or near future job openings.

Below is a sample of some of the numerous job clubs and their locations in the area. Many of them have websites you can check out for details.
